UPDATED STATEMENT ON COVID-19

Dear Valued Guest,

Casino Pier and Breakwater Beach has built our reputation on being a leader in the industry and ensuring that safety is at the very forefront of everything we do.

In that light, with an abundance of caution and with the best interest of our guests and team members in mind, we have chosen to proactively cease operations on our properties beginning Monday March 16, through the end of the month. We felt it important to heed the guidance from the CDC, as well as the Federal Government, and seek to stay ahead of the spread of the Covid-19 virus. The window to contain the spread is narrow and we have chosen to be prudent in that endeavor. In a time that calls for the minimization of gatherings, we felt that we must do all that we can to ensure the safety of our community.

As we mentioned during the week, Casino Pier and Breakwater Beach will remain in close contact with local governmental health agencies, are monitoring events daily, and will take the proper precautions as this situation evolves.

During this time, we will have essential personnel working to make preparations for the 2020 season. We look forward to welcoming our valued guests back to our properties soon, but only when we feel it is responsible to safely reopen.

Thank you for your long-term trust in our properties. As always, we remain committed to offering our dedicated team members and guests a safe and enjoyable entertainment environment.
